FRIDAY

NOVEMBER 18

HOMESTEADS AND FARMERS. The Homestead law which is proposed for Hawnit is like that of Callfornia where a homestead up to the

value of \$5000 is exempted from all foreclosure. That is to may a man may have to give up securities, stock in trade, superfluous personal property and the like to satisfy a judgment granted to his creditors, but his home is inviolate. Whatever else happens be and his family cannot be turned into the street.

In California the law works well. It attracted to a State where the citimen's home is his castle and they are more apt to settle down permanently. Then again, where an unfortunate man might give up. The homestead law promotes building helps to make a population stationary and mitigates bad luck;

If the Legislature would enact such a measure and supplement it with a law to operate in favor of bona-fide small farmers, the Territory would take on a much-needed impetus. The Many a law expires in that way. tendency now is to limit or cut down the simple truth that foresters the highlands, leaving nothof the established industries checked. least of all sugar, it looks with apprehension to the time when they will Legislature should studiously devote portant issue in the foreground,

SUNDAY OBSERVANCE,

(From Wednesday's Advertiser.)

The fubbath was made for mun and not man for the subbath. That was the early Hiblical view and it selected the Pounders of the Falls from the necessity, since imposed upon some, but selves in cloistered gloom on the first day of each week and spend the time in meditation and prayer. The Saviour For instance, a physician of the time was not a Sunday recluse, if we may of Aristotle asked: "We y are those judge from His answer to the strict constructionists of His time; and today only a portion of the Christian world approves of a Pharises Subbath. Ruman Catholicism is responsible, in large degree, for what is called the European Sunday, or rather, it divides such reponsibility with Greek Catholicism. The Episcopal body, in Great Britain and America, is broadly liberal in its views of Eunday observance and the original parrowness of the Evangelichurches is giving way in the spirit of the text with which this paregraph of wholesome food, the segregation of

How narrow this earlier condition was is difficult to conceive in the light forms of execution, except mortgage of the Twentieth Century. A man might not kiss his wife or fondle his children on the first day of the week under penalty of the law. He could read no secular book nor hold a worldly conversation. His duty to attend the stated services was enforced by statute. On Sunday he could cook no food, split no wood for his fire even if he needed it to subdue the cold; and it was unlawful for his wife or daughand humanitarian value. People are ters to appear at church in comely duced such a state of things was the rule of a theocracy; but as civil institutions became separate from the church in spirit as well as in law, the another start where otherwise he natural rights of man were recognized pressed upon the citizen. His right to do as he pleased providing he did not disturb the peace or the quiet of his neighbor was tacitly admitted; and although Legislatures did not care to wipe the old Sabbath statutes from the books, they ceased to enforce them, letting the outworn laws die in peace is yet embraced in the laws of the rather than to expand and build up United States, or there was until very an industrious white population. It is lately, a command that every member the planters of the enrolled militia should have a want the low-lying arable lands, the matchlock carrying eighteen leader graziers want the foothills and the balls to the pound, together with a sponton and hanger. For seventy years ing for the plain farmer. While the Advertiser would not like to see any is a type of many another statute which yet encumbers the codes.

Hawaii has its share of effete ordinances, conspicuous among which need a white middle-class population are the Sunday laws. Rigidly and unto keep the law-making power out intelligently enforced these laws would of Asiatic hands. To this subject the turn our Sunday into a day of utter gloom and slavery. Workingmen and itself. Surely there is no more im- clerks who have no other day for recreation would find nothing doing; the little fellows who earn their living on Sunday in a variety of innocent ways, by cadding among the rest, would be deprived of their small wage; plantapolitan Meat Company shows that in tion work and farming processes must the year ending July 1, 1904, the com- stop; the cigar and light drink stands pany imported over \$39,000 worth of would have to shut down; labor would not be permitted in livery stables and Figures from other importing con- at the beaches. Such a Sunday as that cerns are not available but they must would put Hawaii back a hundred years; it would curb personal liberty as almost no monarch would dare to be kept at home. There is vacant land do it: and worst thing of all, it might on Oahu island to support enough easily impel the Legislature to annul

The only mitigating fact in sight just now is the reported decision of the here on the right soil and cows fed High Sheriff to use common sense in interpreting the law. As a rule it is as can be found outside of Switzerland, not wise to give the police much latitude in such matters, but in this case there will be few if any to object to the moderate use of the power which "Blackwood's Magazine" shows that the Blue Laws bestow upon the officers English and American boys are alike of the peace. An excellent rule to folpassed them and nodded to the lad. The boy grew pink with joy. "Look, father, look!" he exclaimed, "that was Cobden!" "What, my boy? Who was ter services going, the newspapers it?" "Cobden!" "Oh, to be sure, Cobden!" "Oh, to be sure, Cobdens and the father of the sure, Cobdens and the sure, Sandid enable the detachment of a large force against Port Arthur, and possibly against Vladivostok, the remainder intrenching for the steamship Nevadan, will be married at Engleside on Monday evening. The Nevadan is expected here early Monday of the sure, Cobdens and the sure, Cobdens and the sure of in their hero worship. A boy was walk- low would be to permit such recreden!" said the father. Then, wishing tems in operation, the night restaurto show an interest in his son's friend, ants open, the park band playing, the he added "Now I wonder if he is re-lated to the great Cobden." "He is the busy, should not be interrupted. These rice drying, the fisheries and liveries things do not disturb the people of the p. m." These are instances enough in city. But Sunday baseball. Sunday stevedoring, Sunday militia drills, and sham battles, labor which is forced upon the workmen to increase the sordid gains of the employer, might properly be suppressed.

THE WAR ON CONSUMPTION.

The Cincinnati Enquirer notes that the death rate per 1000 of the gin of time for the fellow on the fence population of the United States was venes, will meet the day with a 19.6 in 1890, and ten years later it was Thanksgiving spirit. We have had a Golden Gate park is to have the siderable measure to the fact that the things. Sugar, the staple commodity finest aquarium in the world. It will mortality from consumption is steadily of the islands, has risen to a price but in lessening year by year. it spoils the air and makes it heavtaken by pathinia, who are brought contact with the aufferers, acinfectivity has long been recombed, and thus others become infected. But inasmuch as the propie and legislators were generally ignorant of the first principles of the medical science in those days the knowledge of more en-

inhoned physicians went for nothing. Tony, however, the teachings of the epted with great profit to mankind, Presidential election in the The decrease in the death rate from consumption is due entirely to the wise anitary measures which have been adopted. Outdoor exercise, the eating and means of prevention which are now being effectually used to stamp out the great white plague,

THE BLUE LAWS

(From Thursday's Advertiser.)

Editor P. C. Advertiser: I had felt moved to "go for" the Bulletin for men who stand ready quoting the so-called "Blue Laws;" theories of government. but did not expect to have to attack a man of your intelligence for such a blunder.

In your morning's editorial of the 16th, you say, evidently referring to those alleged laws of Connecticut, man might not kiss his wife, or fondle under penalty of the law," etc., etc.

Now every person historically well informed, knows or ought to know that these and other alleged "Blue Laws" never had any actual existence. never were on the Statute Book of Connecticut nor ever were proposed to be placed there. They were purely the malicious invention of a malignant Tory priest, named Peters, who has of the Revolution. To revenge himself, on arriving in England, he published book about Connecticut which continued a series of absurd slanders. These obtained credence among the enemies of the patriot Americans, Being convenient ammunition for opponents of Sunday observance, they later found credence in America. They were a first-class devil's coinage of lies, and have had a tremendous run. No lying volume.

waiian Sunday laws do not need any adapted to do the most good among welfare of society is closely bound up with a careful observance of the Sabbath sanctity and rest
